

Carefree Stride 2000

Description

An alkaline heavy duty low foaming detergent

Key properties

Alkaline low foaming detergent.
Suitable for machine and manual cleaning methods.
Non – Fragranced formula.

Benefits

- Suitable for all water resistant un protected hard floors e.g. stone, ceramic tile, safety flooring, concrete
- Good cleaning and degreasing performance on a wide range of soils
- Suitable for use in food prep areas

Use instructions

Dilute at 1:20 to 1:100 depending on the degree of soiling

For Removing General Soilage:

Depending on the degree of soilage, dilute 1 part **Carefree Stride 2000** with 40 to 80 parts water in the scrubber drier machine tank. Using the scrubber drier, simultaneously scrub the floor clean and wet vacuum the area to remove slurry. Allow the floor to dry thoroughly.

For Removing Heavy Soilage and Grease:

Dilute 1 part **Carefree Stride 2000** with 20 parts water in the machine tank. Using the scrubber drier, apply the cleaning solution to the floor. Leave for 5 minutes to allow the solution sufficient contact time to break up impacted dirt and grease. Machine scrub and wet vacuum the area, removing all slurry. Allow to dry thoroughly.

Technical data

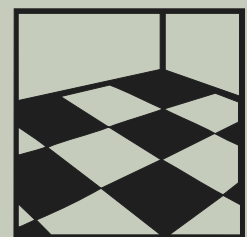

Appearance:	Light straw coloured liquid
pH neat	11 - 12
pH Diluted 10 - 11	
S.G. 1.01	
Viscosity water thin	

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Store in original closed containers away from extreme temperatures.
Keep from freezing
Do not use at temperatures below 10 ° C

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

Carefree Stride 2000

Available pack sizes

2 x 5 L
