

our info sheet for...

washroom cleaner

delphis
eco

Our EU Ecolabel accredited washroom cleaner is ideal for daily cleaning of all washroom surfaces.

It removes general soiling to leave all surfaces sparkling clean without any streaking and freshly fragranced. Scan the QR code below for more info.

benefits

- ✓ low pH prevents limescale build-up
- ✓ safe on rubber, plastic and metal surfaces
- ✓ reduced impact on aquatic life
- ✓ reduced use of hazardous substances
- ✓ phosphate and phosphonate free
- ✓ safe in septic tanks if used as directed
- ✓ readily biodegradable
- ✓ not tested on animals

areas of usage

- wash basins and taps
- mirrors and glass
- baths and showers
- floors and wall tiles
- toilets and urinals
- stainless steel and ceramics

application and directions

General cleaning: Apply a small amount to a damp cloth and wipe surface. For heavy cleaning spray directly onto surface, leave to stand and wipe clean. For larger surface areas such as floors, use a mop and bucket.

dilution ratios

Proper dosage reduces costs and minimises environmental impact: Using this EU Ecolabelled product according to the dosage instructions will contribute to the reduction of water pollution and waste production. Delphis Eco encourage users to reduce waste going to land fill by recycling empty bottles.

General cleaning: dilute 1 part concentrate to up to 50 parts water.
Light cleaning: dilute 1 part concentrate to up to 80 parts water.
Heavy cleaning: dilute 1 part concentrate to up to 10 parts water.

technical data (typical values - concentrate)

Appearance:	Colourless liquid
Odour:	Barely perceptible odour
Boiling Point:	100°C
Flash point°C:	>93
Water solubility:	Soluble
Relative Density:	1.020 typical
pH:	2.5

safe handling and storage

Full guidance on the handling and safe storage of the product can be obtained from the safety data sheet including first aid measures and health and safety requirements.
