Bactosol Cabinet Glasswash Detergent

The professional choice for
your bar and cellar

Description

Bactosol Cabinet Glasswash Detergent is a concentrated glass wash detergent specially formulated for the removal of soil from glasses in all water conditions. For use in an automatic glasswasher.

Benefits

- Removes stains from glasses
- Non-corrosive formula
- Non tainting formula

Powerful cleaning performance

Bactosol Cabinet Glasswash Detergent contains a powerful cleaning agent that has been specially designed to effectively remove all soils on glassware in both hard and soft water. Non-tainting, it leaves no residue to affect the taste or smell of drinks.

Non-corrosive formula

Bactosol Cabinet Glasswash Detergent is a non-caustic machine dishwashing detergent that prevents glass corrosion and clouding, thus giving a sparkling clean finish on all glassware.

For all types of glasswashing machines

Bactosol Cabinet Glasswash Detergent can be used in any type of cabinet glasswasher. Simply follow the manufacturer's instructions. For manually dosed machines pour the product into the reservoir of the machine. For automatic dosing, connect to dosing unit.

BACTOSOL

Diversey™

Bactosol Cabinet Glasswash Detergent

Bactosol Cabinet Glasswash Detergent is suitable for use in both manual and integral dosed dishwashing machines. For best results, use in conjunction with Bactosol Cabinet Glasswash Rinse Aid.

Usage instructions

- Follow machine manufacturer's instructions
- For manual dosed machines, fill the reservoir and replenish solution every 5 washes
- Detergent should be used at between 2.5 - 3.0 mls per litre of water.

Top tips

- Regularly empty, clean and re-fill the glasswasher
- Load glasses upside down
- Leave glasses to air dry. Glass cloths may be source of bacteria and are not recommended
- If polishing is required use disposable paper towels
